GOALS

I am looking to work as a UI / UX designer or a front-end web developer

SUMMARY

I am a recent graduate of Full Sail University and have learned the basics of object oriented programming with **C#, React.js, JavaScript, HTML, CSS, Node.js, ExpressJS, RESTful API's, MySQL, PostgreSQL, MongoDB, Sequelize, and Adobe XD** all while working in an Agile style environment

EDUCATION

B.S. Web Design & Development, Full Sail University (2018 - 2021)

EXPERIENCE

* All relevant experience has only been within my degree

- Create RESTful API's and linking them to the front-end
- Set up applications for full CRUD features
- Create mockups and prototypes in Adobe XD then code it to life

PRIOR LIFE EXPERIENCES

- Local Landscaping Jobs, (2018)
- Special Operations Developer, T3i (2015-2017)
- Tractor Trailer Driver, Milk Street Dairy NY (2015)
- Farm Hand, Milk Street Dairy (2014 - 2015)
- Joint Terminal Attack Controller, U.S. Air Force (2006 - 2014)
- Airman Leadership School, Distinguished Graduate (2011)
